

# Sea Turtle

Tap to watch

## Memory Verse

**There is a time for everything,  
and a season for every activity  
under the heavens.**

*Ecclesiastes 3:1*

## Key Phrase

**When we slow down and take  
time to rest, we can often go  
further and do better.**

## Reflective Question

**Try slowing down  
today. What good  
things can you find?**

## More conversation Starters:

- What might happen if you tried to do too many things at once?
- When are the times when it's better to go slow?
- How do you feel when you get a full and restful night of sleep?

### Tip #3 for having great conversations with your child

Specific questions are better than general ones. We are all familiar with the poor success rate of the old "How was school?" question. The problem here isn't necessarily that your child doesn't want to talk, it's just that they draw a blank when confronted with such a general question. Instead, try something like "How was your math test?" Specific questions are a lot easier to answer and a more effective way to jog your kid's memory about the rest of their day.

(Pssst, get more tips in the other family fun packs!)

# WORD HUNT

E A T O T G A E T V

J U N S L E E P E W

S L O W E Y A I E U

N L N O H T E S T A

F L I P P E R S H E

Sea turtles have \_\_\_\_\_ to help them swim.  
They can \_\_\_\_ and \_\_\_\_ in the water.  
Both tortoises and turtles don't have \_\_\_\_\_.  
Sea turtles are pretty \_\_\_\_\_ swimmers.

# copy the Sea Turtle

Copy the Sea Turtle using the grid as a guide.  
You may find it easier to copy one square at a time.  
Count the squares carefully.

When we slow down and  
take time to rest, we can often  
go further and do better.
